应用场景:

Suitable for a variety of automotive, can also be used for home monitoring

Model:

XM-JPL1-1

Dimensions:

Parameters:

Model	XM-JPL1-1
Main processor	Hi3518
Video Standard	AR0140 HD CMOS wide dynamic
Lens	140-degree wide-angle lens
Audio standard	8K 16bit
Alarm interface	No
Network interface	wifi
USB interface	One for power supply
Encoding format	H.264(High Profile)
Coding Resolution	Main stream:720P Sub stream: D1/CIF/QCIF
Encoding capabilities	720P@30FPS
Snapshot	5 sec / frame
Audio	G711A
Record storage	SD card
Motion detection	Supports multi-level sensitivity
XM Cloud	support
Mobile monitor	support
NTP	support
UPNP	support
RTSP	support
DDNS	support
ARSP	support
IP Filter	support
EMAIL	support
Alarm center	support
